Go to Soldier wherever based to perform National Anthem for dignitaries, Military Functions/Socials, including a Fallen Battle Buddies' Memorial Service.

Wore her Heart on her sleeve but was brave, courageous and very accomplished. She had completed by the time she died the 3 goals she set for herself at age 13 while competing for Miss Teen Texas/Miss Texas. To Sing, To See The World, To Serve.

Even though through acting, modeling, pageants and singing especially our National Anthem, she was able to do extraordinary things like travel and meet all ranges of people, she chose to serve because she wanted to do something, experience something, much bigger than herself. She received a Varsity Letter Jacket for Community Service at Birdville HS, and went on to become a Purple Heart recipient in the US ARMY.
